**CHAPTER 8**  
**RETIREMENT OF PUBLIC EMPLOYEES**

**NOTE:** P.L. 23-042 (Sept. 29, 1995) created a new Defined Contribution Plan for all government employees hired after October 1, 1995, and allowed certain employees participating in the existing retirement system to change to the new plan. This public law codified existing provisions of Chapter 8 (§§ 8101 – 8172) into Article 1, and designated the new Defined Contribution Plan as Article 2. The Compiler altered the numerical scheme from P.L. 23-042 to harmoniously fit the chapter, in accordance with the authority granted by 1 GCA § 1606.

**2025 NOTE:** Pursuant to 5 GCA § 1510, *I Maga'hågan/Maga'låhen Guåhan* means the “Governor of Guam” and *I Maga'håga/Maga'låhi* means the “Governor.” Pursuant to 2 GCA § 1101, *I Liheslaturan Guåhan* means the “Guam Legislature.”

**§ 8101. Retirement Fund: Purpose.**

The purpose of the Fund is to provide retirement annuities and other benefits for the employees of the government of Guam who become aged or otherwise incapacitated, and widows' annuities and other benefits to the dependents of such employees, thereby enabling the employees to accumulate reserves for themselves and their dependents to meet, without prejudice or hard ship, the hazards of old age, disability, death and termination of employment, with the objective of encouraging qualified personnel to enter and remain in the service of the Government, thus effecting economy and efficiency in the administration of the Government.

**SOURCE:** GC § 4200.

**§ 8101.1. Statement of Legislative Concern.**

(a) The actuarial valuation of the Government of Guam Retirement Fund issued October 9, 1992 by, Deloitte & Touche expressed concern that "the Fund benefit levels are excessive in comparison to most other government retirement systems. Benefit levels and retirement policy should be reviewed and benefits levels adjusted to match this policy. Because it may be difficult to decrease benefit levels for current members, it may be necessary to maintain current plan benefit levels for current government employees while establishing a new plan for all new members. In establishing benefit for a new plan, generally accepted retirement income level standards should be observed." *I Liheslatura* finds that the concern

**4 GCA PUBLIC OFFICERS AND EMPLOYEES**  
**CH. 8 RETIREMENT OF PUBLIC EMPLOYEES**

expressed by the independent actuaries is a warning that the Fund may be jeopardized if the benefits it provides to its members are not reasonably related and restricted to the resources from which benefits may be paid. Delay in examining this issue may lead to implementation of a plan for new members with benefits sharply disparate from those provided to present members. *I Liheslatura* concurs with the recommendation of the actuaries that the Plan's benefit levels and retirement policy should be reviewed and recommendations made to *I Liheslatura* for enactment of such statutory changes as may be necessary.

(b) No later than June 30, 1993, and not later than every two years thereafter, the Board shall submit to *I Liheslatura* its recommendations of amendments that need be made to the law establishing the Fund to protect and preserve the actuarial soundness of the Fund for the benefits of all its members.

**2025 NOTE:** Reference to the "Legislature" replaced with *I Liheslatura* pursuant to 2 GCA § 1101.

**§ 8101.2. Tax Qualification Requirements.**

(a) The Fund shall maintain its status as a tax-qualified governmental pension plan under Section 401(a) of the Code. As used in this Article, "Code" means the United States Internal Revenue Code of 1986, as amended, applicable to Guam under the mirror provisions of the Guam Income Tax Code.

(b) The Fund shall be administered in accordance with the requirements of Section 401(a)(1), (2), (7), (8), (9), (16), (17), (25), (31), and (37) of the Code, as such provisions, as amended, apply to a governmental pension plan sponsored by the government of Guam. Without limiting the generality of the foregoing and notwithstanding any other provision of this Article to the contrary:

(1) In accordance with Sections 401(a)(1) and 401(a)(2) of the Code, the Board shall hold the corpus and income of the Fund in trust, and at no time prior to the satisfaction of all liabilities with respect to members and their beneficiaries shall any part of the corpus or income of the Fund be used for, or diverted to, purposes other than for the exclusive benefit of the members and their beneficiaries.

(2) In accordance with Section 401(a)(7) of the Code, in the event of the termination of or complete discontinuance of contributions to the Fund, the rights of all members to benefits accrued as of the date of such termination or discontinuance, to the extent then funded, shall be fully vested and nonforfeitable.

(3) In accordance with Section 401(a)(8) of the Code, benefits forfeited by a member for any reason shall not be applied to increase the benefits any other member or beneficiary would otherwise receive under this Article.

(4) All benefit distributions shall be administered in accordance with a reasonable good-faith interpretation of Section 401(a)(9) of the Code. The following describes the statutory requirements of Section 401(a)(9) of the Code:

(A) The member's entire interest shall be distributed to the member no later than the member's required beginning date, or the member's entire interest must begin to be distributed to the member no later than the member's required beginning date and must be paid over the life of the member, or the lives of the member and a designated beneficiary (or over a period that does not extend beyond the life expectancy of the member or the life expectancy of the member and a designated beneficiary). The "required beginning date" is April 1 of the calendar year following the later of

(i) the calendar year in which the member attains age 70½, or

(ii) the calendar year in which the member retires.

**4 GCA PUBLIC OFFICERS AND EMPLOYEES**  
**CH. 8 RETIREMENT OF PUBLIC EMPLOYEES**

(B) If the distribution of the member's interest has begun in accordance with Paragraph (A) and the member dies before the member's entire interest has been distributed, the remaining portion must be distributed at least as rapidly as under the method of distribution being used to satisfy Paragraph (A).

(C) If the member dies before distribution of the member's interest has begun under Paragraph (A), the member's entire interest shall be distributed, or begin to be distributed, no later than as follows:

(i) If the member's surviving spouse is the member's sole designated beneficiary, distributions to the surviving spouse shall begin by December 31 of the calendar year immediately following the calendar year in which the member dies, or by December 31 of the calendar year in which the member would have attained age 70½, if later;

(ii) If the member's surviving spouse is not the member's sole designated beneficiary, distributions to the designated beneficiary shall begin by December 31 of the calendar year immediately following the calendar year in which the member died, and shall be paid over the life of such designated beneficiary (or over a period not extending beyond the life expectancy of such beneficiary); or

(iii) If there is no designated beneficiary, the member's entire interest shall be distributed by December 31 of the calendar year containing the fifth anniversary of the member's death.

(D) All death benefits shall be administered to comply with the incidental death benefit requirement in Section 401(a)(9)(G) of the Code.

(5) In accordance with Section 401(a)(16), benefits paid from, and mandatory employee contributions made to, the Fund shall not exceed the maximum benefits and the maximum annual additions, respectively, permissible under Section 415 of the Code with respect to governmental plans.

(A) Specifically, the "annual benefit," which is a benefit payable in the form of a straight life annuity, may not exceed the dollar limit described in Section 415(b)(1)(A) of the Code, as automatically adjusted for increases in the cost of living under Section 415(d) of the Code. For benefits payable in the plan year ending September 30, 2010, the dollar limit is \$195,000. The 12-month plan year ending each September 30 shall be the "limitation year" for purposes of applying the limitations under Section 415 of the Code. Section 415 of the Code and the Treasury Regulations thereunder require that adjustments be made to the dollar limit for benefits that commence prior to age 62, or after age 65, and for benefits payable to members with less than ten years of membership. The Code and Treasury Regulations require that any benefit payable in a form other than a straight life annuity must be converted to an actuarially equivalent straight life annuity in applying the applicable limit to the "annual benefit".

(B) The "annual benefit" does not include the portion of the member's benefit attributable to mandatory employee contributions under Section 8136. Rather, mandatory employee contributions are treated as contributions to a defined contribution plan for purposes of Section 415 of the Code, and are therefore subject to the limits on annual additions under Section 415(c)(1) of the Code. The annual additions may not exceed the lesser of the two limits. The first limit is the dollar limit described in Section 415(c)(1)(A) of the Code, as automatically adjusted for increases in cost of living under Section 415(d) of the Code. For the limitation year ending September 30, 2010, the dollar limit is \$49,000. The second limit is the compensation limit described in Section 415(c)(1)(B) of the Code which provides that the annual additions may not exceed 100% of the member's "Section 415 compensation" for the limitation year.

**4 GCA PUBLIC OFFICERS AND EMPLOYEES**  
**CH. 8 RETIREMENT OF PUBLIC EMPLOYEES**

(C) “Section 415 compensation” means the member’s Box 1, W 2 earnings for the year, modified to include any pre-tax elective deferrals pursuant to Sections 403(b), 457(b), 125, or 132(f)(4) of the Code. Generally, Section 415 compensation does not include amounts paid after severance from employment. However, Section 415 compensation does include amounts paid by the later of 2½ months after the member’s severance from employment or the end of the limitation year that includes the date of the member’s severance from employment if the payment is regular compensation for services during the member’s regular working hours, or compensation for services outside the member’s regular working hours (such as overtime or shift differential), commissions, bonuses, or similar payments, and, absent the severance from employment, the payments would have been paid to the member while the member continued in employment with the government. Section 415 compensation also includes any payments to or for the benefit of a member who does not currently perform services for the government by reason of qualified military service, as defined in Subsection (9) of this Section, to the extent those payments do not exceed the amounts the member would have received if the member had continued to perform services for the government, rather than entering qualified military service. Section 415 compensation also includes “differential wage payments” within the meaning of Section 3401(h)(2) of the Code with respect to the period during which the member is on active duty in Qualified Military Service. Finally, Section 415 compensation includes payments awarded by an administrative agency, or court, or pursuant to a bona fide agreement by the government to compensate a member for lost wages. Such payments for back pay are treated as Section 415 compensation for the limitation year to which the back pay relates to the extent the back pay represents wages and compensation that would otherwise be included as Section 415 compensation under this Subsection.

(6) In accordance with Section 401(a)(17) of the Code, for purposes of calculating contributions payable to the Fund and benefits payable from the Fund, “salary,” “annual salary,” and “average annual salary” shall be subject to the annual limit on compensation under Section 401(a)(17) of the Code, which limit is adjusted automatically for increases in the cost of living under Sections 401(a)(17)(B) and 415(d) of the Code. For the plan year ending September 30, 2010, the limit is \$245,000.

(7) In accordance with Section 401(a)(25) of the Code, in the case that the amount of the member's benefit payable by the Fund is to be determined on the basis of actuarial assumptions, such assumptions shall be specified under Fund documents.

(8) In accordance with Section 401(a)(31) of the Code, a “distributee” who is entitled to a distribution may elect, at the time and in the manner determined by the Board, to have any portion of an “eligible rollover distribution” that is equal to at least \$500 (or such other minimum amount required under the Code or Treasury Regulations) paid directly in a “direct rollover” to an “eligible retirement plan.” For purposes of these rules, the following definitions apply:

(A) “eligible rollover distribution” means any distribution of all or any portion of a member’s vested benefit, except that an eligible rollover distribution shall not include:

(i) any distribution that is one of a series of substantially equal periodic payments made no less frequently than annually for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and the distributee’s beneficiary, or for a specified period of ten years or more;

(ii) any distribution to the extent such distribution is required under Section 401(a)(9) of the Code; and

(iii) the portion of any distribution that is not includible in gross income.

**4 GCA PUBLIC OFFICERS AND EMPLOYEES  
CH. 8 RETIREMENT OF PUBLIC EMPLOYEES**

Notwithstanding the foregoing, a distribution shall not fail to be an eligible rollover distribution merely because the distribution consists of after-tax employee contributions that are not includible in gross income. However, such portion may be transferred only to an individual retirement account described in Section 408(a) of the Code or an individual retirement annuity described in Section 408(b) of the Code (other than an endowment contract), or to a qualified retirement plan (defined contribution or defined benefit) described in Section 401(a) of the Code, or an annuity contract described in Section 403(b) of the Code, provided that the qualified trust or annuity contract agrees to separately account for amounts so transferred (and the earnings thereon), including separately accounting for the portion of such distribution which is includible in gross income and the portion which is not so includible.

(B) “eligible retirement plan” shall mean any of the following accounts or plans to the extent it accepts the distributee’s eligible rollover distribution:

- (i) a qualified retirement plan described in Section 401(a) of the Code;
- (ii) an individual retirement account described in Section 408(a) of the Code;
- (iii) an individual retirement annuity described in Section 408(b) of the Code (other than an endowment contract);
- (iv) an annuity plan described in Section 403(a) of the Code;
- (v) an annuity contract described in Section 403(b) of the Code, or
- (vi) an eligible deferred compensation plan described in Section 457(b) of the Code that is maintained by an eligible governmental employer described in Section 457(e)(1)(A) of the Code, and that agrees to separately account for amounts transferred into such plan from this plan.

(C) A “distributee” includes a member, the surviving spouse of a deceased member, and the current or former spouse of a member who is an alternate payee under a qualified domestic relations order that has been approved by the Board.

(D) A “direct rollover” is a direct payment by the Fund to the eligible retirement plan specified by the distributee.

(E) A non-spouse beneficiary may elect a direct rollover to an individual retirement account or individual retirement annuity described in Paragraph (B)(ii) or (iii) established for the purpose of receiving the distribution on behalf of the non-spouse beneficiary.

(F) A distributee may elect a direct rollover to a Roth IRA, as described in Section 408A of the Code, if the distributee meets the requirements that apply to rollovers from a traditional IRA to a Roth IRA (i.e., for tax years prior to January 1, 2010, the distributee’s modified adjusted gross income cannot exceed \$100,000, and the distributee must not be married filing a separate return).

(G) In prescribing the manner of making elections with respect to eligible rollover distributions, as described above, the Board may provide for the uniform application of any restrictions permitted under applicable sections of the Code and Treasury Regulations, including a requirement that a distributee may not elect to make a direct rollover from a single eligible rollover distribution to more than one eligible retirement plan. The Board may require a recipient plan to provide a written statement that it will accept the rollover and separately account for the amount rolled over, where appropriate.

**4 GCA PUBLIC OFFICERS AND EMPLOYEES**  
**CH. 8 RETIREMENT OF PUBLIC EMPLOYEES**

(H) Prior to making an eligible rollover distribution, the Board shall provide the distributee a notice describing the distributee's right to make a direct rollover to an eligible retirement plan (the 402(f) Notice). The Board shall issue the 402(f) Notice at least 30 days, but no more than 180 days, prior to the date a distribution is made. However, such eligible rollover distribution may commence less than 30 days after the notice is given, provided that the 402(f) Notice clearly informs the distributee that the distributee has the right to a period of at least 30 days after receiving the notice to consider the decision of whether or not to elect a direct rollover, and the distributee, after receiving the notice, affirmatively elects a distribution.

(9) In accordance with Section 401(a)(37) of the Code, the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), as amended, provides certain pension benefit rights to employees who return to employment with their employer following a leave of absence for "qualified military service" as defined hereunder. § 8137.2 of this Chapter also provides certain rights to employees who are on leave without pay and on active duty with the Guam National Guard or the reserve components of any of the Armed Services of the United States. Any member who returns to employment with the government following qualified military service shall be entitled to the greater of the rights the member is entitled to under § 8137.2 of this Chapter, or the reemployment pension rights in Section 414(u) of the Code. In the case of a member who dies while performing qualified military service, the survivors of the member are entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service) provided under the Fund had the member resumed and then terminated employment on account of death. This would include the death benefits provided under §§ 8131 and 8134 of this Chapter. For purposes of this Section and applying the requirements of the USERRA, qualified military service means such term as defined in Section 414(u)(5) of the Code (any service in the U.S. Armed Forces - Army, Air Force, Navy, Marines, or Coast Guard; the Army National Guard and the Air National Guard, when engaged in active duty for training, inactive duty training, or full-time National Guard duty; the commissioned corps of the Public Health Service; and any other category of persons designated by the President in time of war or national emergency).

(2) as far as practicable, future payments or benefit entitlement shall be adjusted so that the actuarial equivalent of the annuity or benefit to which the member or beneficiary was correctly entitled shall be paid.

(b) An adjustment that requires the recovery of benefits may not be made under this section if:

(1) the error was not the result of erroneous information supplied by the member or beneficiary;

(2) the member or beneficiary did not have reasonable grounds to believe that the amount of the benefit was in error; and

**4 GCA PUBLIC OFFICERS AND EMPLOYEES

(c) At every regularly scheduled meeting of the Board of Trustees of the Fund, the Director shall report to the Board on all situation since the Director's last report in which an adjustment has been prohibited under (b) of this section. If the Board finds that there is reason to believe that one or more of the conditions set out in (b) of that section have not been met, the Director shall notify the member or beneficiary that an adjustment will be made to recover the overpayment.

(d) Notice of the adjustment under this Subsection shall include a statement that the affected member or beneficiary may appeal the adjustment to the record by notifying the Director, in writing, within thirty (30) days after receipt of notice that the records will be adjusted. A member or beneficiary who receives notice of adjustment under this subsection may appeal to the Board for a waiver of the adjustment in accordance with Section 8122.2(b). An adjustment shall not be required while the appeal is pending.

(e) The Fund shall pay regular interest on amounts owed to a member or beneficiary.

(f) Interest shall be charged on amounts owed to the Fund by a member or beneficiary if the amount owed is the result of erroneous information supplied by the member or beneficiary, or if the member or beneficiary had reasonable grounds to believe the amount of the benefit was in error. The interest paid under this subsection shall be equal to the rate established in § 8137(c) for which the correct payment was due and shall continue until an actuarial adjustment to the benefit is effective or the amount owed is paid.

(c) Disqualification Upon Change in Status. If the status of a Trustee changes after election, or after appointment and confirmation by *I Liheslaturan Guåhan* (e.g., an Elected Retiree or Elected Active Member or Appointed Resident no longer qualifies as such), then that change in status shall disqualify the Trustee from remaining in his or her respective office for the remainder of that term of office, and the Trustee shall be deemed to have resigned thirty (30) days following the event triggering the disqualification. Said disqualification shall not be the sole cause for invalidating actions taken prior to the deemed resignation date. The vacancy created by such deemed resignation shall be filled as described in (b), above.

(d) Convicted Persons Disqualified. A person convicted of a felony or a crime of moral turpitude shall be ineligible for appointment or election to, and shall be disqualified from service on, the Board of Trustees. **DEFINED CONTRIBUTION RETIREMENT SYSTEM [NEW PLAN]**

**SOURCE:** This Article was added by P.L. 23-042:3 (Sept. 29, 1995). The effective date is October 1, 1995.

**NOTE:** P.L. 23-042:3 (Sept. 29, 1995) created a new Defined Contribution Plan, and designated it as Article 2. The Compiler altered the numerical scheme from P.L. 23-042 to harmoniously fit the chapter, in accordance with the authority granted by 1 GCA § 1606.

**COMMENT:** Section 1 of P.L. 23-042 stated the purpose of this Article as:

The Legislature finds that:

(a) The Actuarial Valuation of the Retirement Plan prepared by Deloitte & Touche as of September 30, 1993, expressed concern that the Fund benefit levels are rather excessive in comparison to most other government retirement systems.

(b) Benefit levels and retirement policy should be reviewed and benefit levels should be adjusted in order to address specific inequities, excessiveness, and desired policy objectives.

(c) It is necessary to maintain the current plan benefit levels for current members, while establishing a new plan for all new members.

(d) In establishing benefits for a new plan, generally accepted retirement income level standards should be observed and the details of any new plan must be considered thoroughly and a comprehensive education and implementation plan must be developed.

**4 GCA PUBLIC OFFICERS AND EMPLOYEES**  
**CH. 8 RETIREMENT OF PUBLIC EMPLOYEES**

(e) The concern expressed by the Independent Actuaries must serve as a warning that the current fund may be jeopardized if the benefits it provides to its members are not reasonably related and restricted to the resources from which said benefits may be paid.

(f) Any further delay in enacting statutory changes to the current system or establishing a new plan may lead to the implementation of a plan for new members with benefits sharply disparate from those provided to current members.

(g) The legislature concurs with the recommendations of the Actuaries.

(h) The Legislature intends to establish a new "Defined Contribution Plan" for new members, in order to protect and preserve the fiscal soundness of the fund for the benefit of all its members now and in the future.

(a) Beginning October 1, 1995, the Government of Guam Defined Contribution System shall be the single retirement program for all new employees whose employment commences on or after that date. credited service. For purposes of defining “salary” and “average annual salary” under § 8104(i) and (j), respectively, with respect to the determination of the basic disability retirement annuity payable to a Defined Benefit 1.75 Plan member, the term “salary” shall mean the member’s base salary excluding all non-base compensation.

The death benefit and survivor annuity provisions in connection with a member’s death under §§ 8131 through 8135 or other successor provisions shall be applicable to Defined Benefit 1.75 Plan members in a manner no different than the application to members who are not Defined Benefit 1.75 Plan members.

**§ 8507. Defined Benefit 1.75 Plan Member Contributions to Fund.**

The member contribution provisions under § 8136 or other successor provision shall be applicable to Defined Benefit 1.75 Plan members in a manner no different than the application to members who are not Defined Benefit 1.75 Plan members. However, notwithstanding that the contributions by Defined Benefit 1.75 Plan members are designated as member contributions and shall be administered as member contributions under § 8136, such contributions shall be on a mandatory basis deducted from the member’s base salary and paid by the employer in lieu of contributions by the member, and shall constitute pre-tax “pick-up” employer contributions for purposes of determining the income tax treatment of such contributions under Section 414(h) of the United States Internal Revenue Code.

**ARTICLE 6**  
**GUAM RETIREMENT SECURITY PLAN (GRSP)**  
**[REPEALED]**

**SOURCE:** Added as uncodified law by P.L. 33-186:5 (Sept. 14, 2016), codified pursuant to the authority of 1 GCA § 1606. Repealed by P.L. 35-072:2 and 3 (Feb. 14, 2020), effective retroactively to Jan. 1, 2018.

**2020 NOTE:** Prior to its repeal, Article 6 provided for a cash balance retirement plan known as the Guam Retirement Security Plan (GRSP), as enacted by P.L. 33-186:5 (Sept. 14, 2016). However, the GRSP was repealed by P.L. 35-072:1 (Feb. 14, 2020), where the Legislature found “that the Board of Trustees of the Retirement Fund properly refrained from implementing the GRSP and properly designated the DCRS [Defined Contribution Retirement System] as the appropriate default plan for new employees of the government of Guam as of January 1, 2018.”

Consequently, the repeal of the GRSP, codified Article 6 of Chapter 8 of Title 4, is effective retroactively to January 1, 2018.
