**§ 19101. Authority; Legislative Findings and Intent.**

*I Liheslaturan Guåhan* wishes to establish government policy that would help improve the delivery of insurance protection and services to consumers in this particular industry in Guam. One approach toward this objective deals with encouraging and promoting the highest level of qualification and competency in the ranks of agents, brokers and the like who have been granted certification to sell insurance on Guam. As such, *I Liheslaturan Guåhan* finds it necessary and in the best interest of insurance consumers to examine the standard industry knowledge and educational qualification of each insurance agent, broker or similar licensee, to sell or transact insurance on Guam as a prerequisite to the renewal of the license or licenses held by such individual(s). *I Liheslaturan Guåhan* thus elects to authorize the Insurance Commissioner of Guam to promulgate the rules and regulations contained herein as a means of establishing minimum education criterion or regulations that each licensee must meet
