

Rule of Law Worksheet

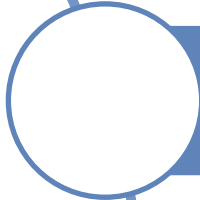

Directions: Indicate which factor of the Rule of Law applies to each scenario by writing the corresponding letter into each circle.

O = Order and Security	L = Legitimacy	C = Checks and Balances
E = Equal Application of the Law	P = Procedural Fairness	A = Access to Justice

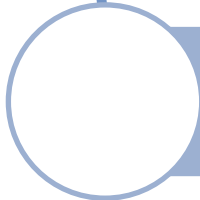

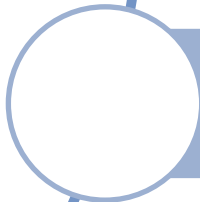

A governor assaulted a man at the mall. He is sentenced to the same amount of prison time as a construction worker who attacked a man outside of his house for stepping on his yard.

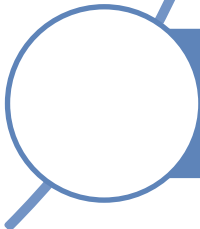

The police cannot imprison a man because they are suspicious that he may be committing crimes in his neighborhood.

In the 2040 election, the people will have the option to vote for or against the legality of walking and talking on cellphones.

School children feel safe when police officers are present when they are dismissed from school.

A hit and run victim calls the police to report the incident, and the police come and take a report.
